

DIARY NOTES

DD/S [REDACTED]

19 January 1960

1. Jim Garrison reported that the Photographic Intelligence Center wanted another floor of the Steuart Building. The owner retains three floors and is willing to lease all three of them but may be very reluctant to lease just one floor. I alerted Bob Amory to this and told him that I would be glad to discuss it with him at any time. In addition to this complication it would probably take \$100 thousand to make these three floors usable, rent would be about \$9 thousand a year and we do not have funds in the Office of Logistics Budget to take care of it.

2. [REDACTED] reported that he had conferred with [REDACTED] and that they had now concurred in the transfer of the Vital Records material to the Records Center [REDACTED]

3. Bob Macy, Bureau of the Budget, telephoned about a request for a release from the Contingency Reserve for [REDACTED]. He felt that this did not fully meet the criterion and is sending us a letter to this effect. I gathered that he was going to approve of the release but with some conditions which were not clear to me over the telephone.

4. [REDACTED] was in to brief me on the Management Training Program now being conducted. While I think that he has a good program, I still believe that his courses are too short, that he may be trying to sprinkle them with so many facets of management that he is not emphasizing any single one quite enough, and, further, that they would not be suitable as now organized and run for our senior people such as Office Heads and Staff Chiefs.
